UK Addiction Treatment Centres

PUTTING THE PIECES
BACK TOGETHER

ADDICTION IS AN ILLNESS THAT CAN IMPACT ANY OF US AT ANY TIME,
AND TO SUFFER DOES NOT MAKE US WEAK. IT MAKES US HUMAN.

Founded in 2012 by those who have been through addiction, UKAT's success comes with its simplicity. By employing a passionate team of staff dedicated to quality care, our clients remain at the heart of everything we do, and this fact informs each of our decisions.

Our private, UK-based treatment service offers support to people from all walks of life, helping them overcome addiction with a wide range of treatments and world-class facilities all over the country. We provide care based on what we know works, from our own experiences, to help others walk the road to recovery.

Daniel Gerrard,
Founder and Managing
Director

"I have seen both sides of addiction, and since recovering myself, have been inspired to provide the best quality services for those suffering the same. Addiction does not need to define us. It is not who we are. Addiction, instead, is a part of our story."

OUR APPROACH

RECOVERY IS BUILT ON TRUST

We provide a safe environment for you to share your experience, set practical goals, and learn the tools to work through recovery with confidence. Our programme strengthens trust with those who have been through a similar journey, and each resident's combined courage builds highly powerful energy to inspire you towards positive change.

FREE AFTERCARE

The recovery network doesn't end once you leave rehab. The bonds of connection will be with you for life. We know how challenging it can be to integrate back into your routine post-treatment, so we supply a free aftercare package for up to one year.

WE KNOW WHAT YOU'RE GOING THROUGH - REALLY

Most of our UKAT family have experienced addiction first-hand or witnessed somebody close to them suffer. We understand what you're going through and appreciate how destructive addiction can be, but we also know how transformative recovery can be.

WE'LL FIND THE RIGHT OUTLET FOR YOU

We provide a tried and tested treatment programme that is tailored to your individual needs. Our programme incorporates a wide range of psychosocial and psychological interventions, workshops and treatments to give you the tools and understanding to live a life free from addiction.

WE CARE ABOUT YOUR LOVED ONES

Addiction is a family illness, and it can be challenging for loved ones to watch their friends and family suffer. Our therapists can provide help and advice to your loved ones, which will help them, and you, to navigate through your recovery as best as possible.

WE'RE ALWAYS HERE FOR YOU

Addiction doesn't take time off, so neither do we. We are open twenty-four-seven, all year round, including national holidays. Our specialist addiction team is always here to guide and support you through your recovery.

OUR ALUMNI COMMUNITY

Recovery is an ongoing process that requires work and dedication long after the rehab process. Maintaining a strong community network is an excellent tool to keep us grounded, and those relationships we build during our time in rehab are often some of the most meaningful.

Your wellbeing is our priority, so our Alumni Programme ensures that after you leave a UKAT facility, you still have ways to stay connected to our extended family.

With activities, social events, regular communication, newsletters and a private Facebook group which you can turn to for support, you can always look to us for advice and guidance.

"Staying connected can help minimise the isolation and loneliness that lead to feelings of depression, which can ultimately trigger a relapse. Connecting with support around you proves a valuable tool and may help save your life and your sobriety."

Kat McClelland,
Therapist at Sanctuary Lodge (UKAT facility)

"Very welcoming and staff very supportive with my recovery, always kept up to date during my stay, other peers helped me through my process of recovery and I am leaving with a very positive mindset."

Ashleigh T

"I have just spent 4 months with Oasis Runcorn and I cannot thank the staff and peers enough for basically saving my life, the support network I received was incredible and if I could stay I would have."

Dan

SANCTUARY LODGE
HALSTEAD a UKAT facility

“

“I am still amazed how the staff transformed my thinking and actions to enable me to stay sober after leaving.”

Melanie P

Recovering from addiction can be a daunting process, especially amid the chaos of our fast-paced world. Situated in Halstead, Essex, our facility takes into account these pressures and is surrounded by nature to provide that added tranquillity during your stay.

Why Sanctuary Lodge?

Sanctuary Lodge is rated highly by the Care Quality Commission, identified as a supportive environment where staff work as a team to care for their clients. We are subject to regular inspections, meaning you can be confident in the quality of your care.

Our facility

Our centre has a variety of facilities to ensure your comfort, including:

Nineteen en-suite bedrooms

Five beautifully refurbished shared rooms

Scenic gardens to reconnect with nature

An in house gym

Qualified chefs preparing nutritionally balanced meals

Our treatment

Our centre treats all addictions, ranging from drug and alcohol rehabilitation to behavioural addictions such as:

Gambling addiction

Sex and love addiction

Codependency

Eating Disorders

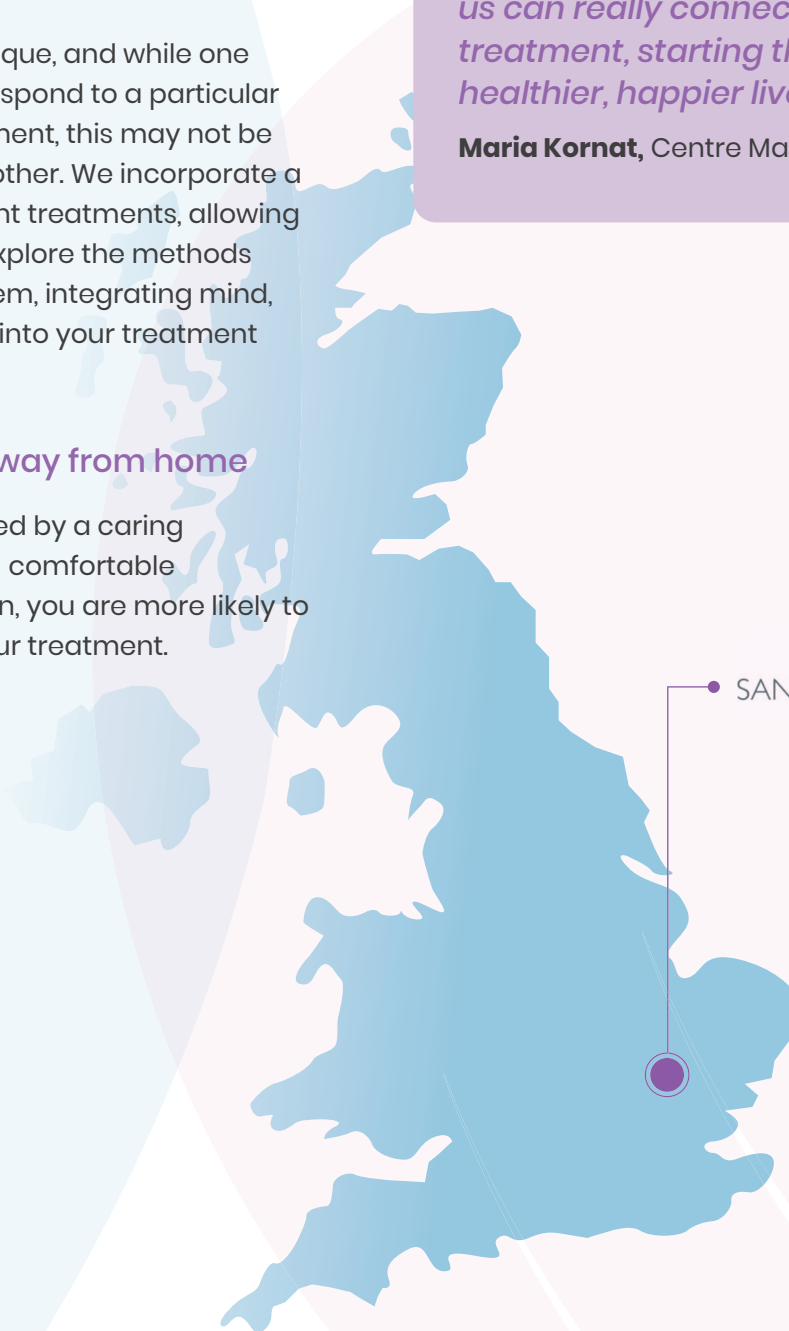

Everybody is unique, and while one person might respond to a particular course of treatment, this may not be the case for another. We incorporate a range of different treatments, allowing each client to explore the methods that work for them, integrating mind, body, and spirit into your treatment programme.

Your home away from home

When surrounded by a caring community and comfortable accommodation, you are more likely to engage with your treatment.

“My goal at Sanctuary Lodge is to provide a safe, comfortable environment for our clients to stay in. This means those who work with us can really connect with their treatment, starting their journey to healthier, happier lives.”

**Primrose Lodge**
a UKAT facility

“

“This rehab saved my life and gave me a new way of living. I’ll be forever grateful for the support I received from the team there.”

Bradley B

Primrose Lodge is situated in Guildford, in the heart of Surrey, just twenty-eight miles Southwest of London. Our established home is ideal for those who wish to recover away from the busy city life, so they can quieten their mind and focus entirely on their recovery.

Our facility

We are proud to be rated by the CQC, with specific emphasis on our relaxed and homely atmosphere. We aim to make you as comfortable as possible with:

A choice of one of our nineteen spacious rooms complete with en-suite bathrooms

An on-site gym for clients to use throughout their residency

Experienced in house chefs preparing delicious and nutritious meals

Spacious settings ideal for walking

Comfortable living areas, perfect for movie and quiz nights

Our treatment

We appreciate everyone has their own story, which has led them to addiction, and we are committed to helping people recover from a multitude of dependencies that are holding them back from living a good quality of life, such as:

Prescription drug addictions

Illegal drug addictions

Codependency addictions

Behavioural addictions

Primrose Lodge offers a safe medical detox for drug and alcohol addictions.

Part and parcel with the detox, we provide a variety of holistic therapy treatments such as:

12-step programme

Cognitive Behavioural Therapy (CBT)

Family recovery programme

Yoga and mediation

ART and creative workshops

Group therapy

One-to-one counselling

"I know how tough addiction can be, but after twelve years sober, I know how life-changing recovery can be, which is why we are so passionate about helping as many people as we can to overcome their addiction and get their lives back."

Johnny Beggache,
CQC registered Centre Manager

 **Banbury Lodge**
a UKAT facility

“

“I remember my time at Banbury Lodge with great fondness. It was truly a turning point in my life that set me off in the right direction.”

Greg L

At Banbury Lodge, we explore addiction from every angle; our committed and highly-skilled team will do everything in their power to ensure that you leave us with all the tools you need to start your journey towards recovery.

Our facility

Located in the peaceful Oxfordshire countryside, our facility is surrounded by luxurious, tranquil grounds where you can slow down and settle into your recovery journey.

Our centre offers:

Twenty-two private bedrooms with en-suite

Two shared rooms

On-site gym

Social spaces for group activities

Private insurance accepted

Banbury Lodge is rated by the Care Quality Commission, regarded as a facility that puts into practice high values of service, providing clients with personalised care plans that give them the best chance of recovery.

Our treatment

No two people are the same, and each of us requires different levels of treatment. By utilising a range of different treatment methods, we offer the space to understand more about your illness and the ways it might affect you. Some of these treatments include:

Individual therapy to uncover the root causes of your condition in a safe space.

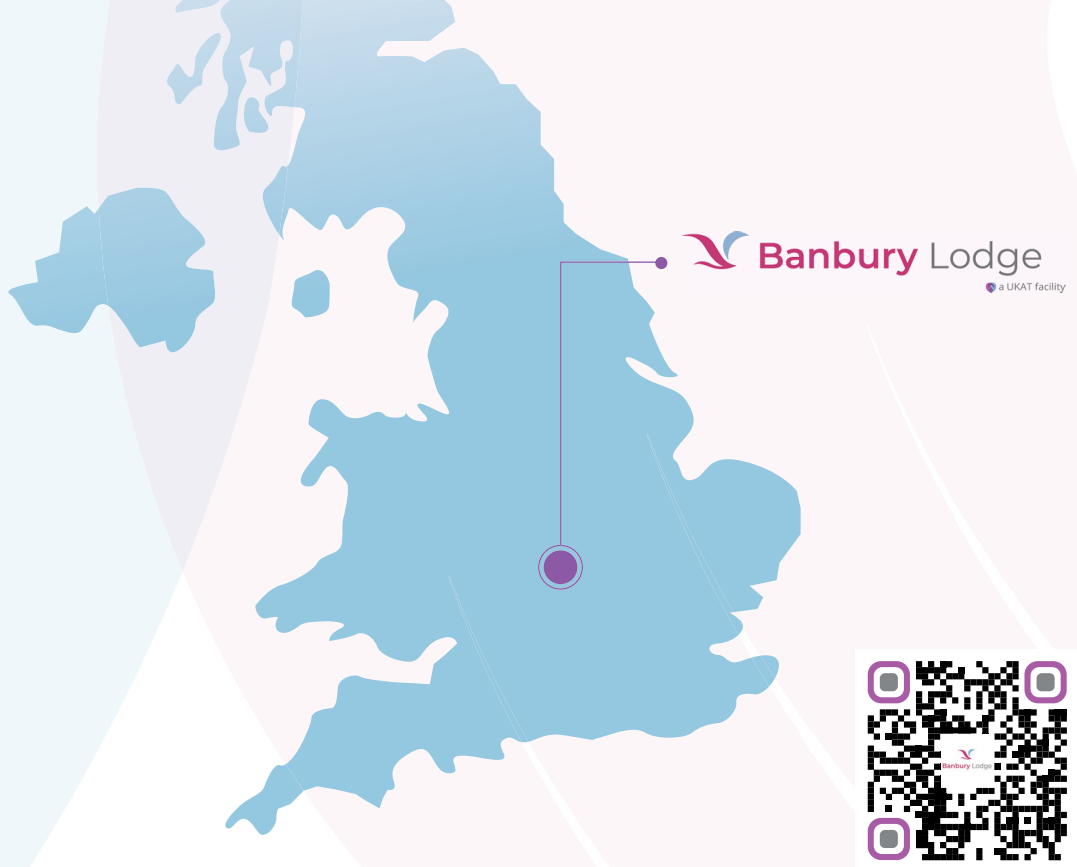

Group therapy as a means to communicate with those around us, bringing an end to the isolation that often results from addiction.

Talking therapies to foster positive thought patterns, giving you the tools needed to improve your overall mood and health.

In addition to these treatments, residential clinic weight management programmes are carefully managed. Our private chef can create a tailor-made menu to suit your dietary requirements, alongside enforcing a fresh and highly nutritious approach to food.

Treatment for young people

Banbury Lodge is one of the only facilities in the UK registered to treat alcoholism, drug addiction and eating disorders in young people aged sixteen to eighteen. We have a passion for spotting and supporting mental health and addiction issues at early stages of development and are committed to helping young people have a fresh start in life.

“The treatment I received at Linwood House was exceptional. The 12 step programme of AA which UKAT introduced me to has saved and changed my life, and for that I am eternally grateful.”

Sam C

Our home

Situated in Barnsley, South Yorkshire, Linwood House is a newly-refurbished facility that is situated within its own extensive grounds. Our beautiful and stately residence is ideal for those who want to recover within luxurious surroundings and seek tranquillity amongst nature.

What we treat

At Linwood House, we treat many forms of addiction, such as: prescription drug dependency, illicit drug addiction, alcohol addiction and a range of behavioural addictions.

We appreciate everyone has their own story which has led them to this point, and we are committed to being there for our clients as they embark on their recovery journey.

A safe and secure place to detox

Linwood House provides safe medical detox for all drug and alcohol addictions. Whatever your worries or anxieties, we will be with you every step of the way to ensure you feel safe and relaxed and get all the emotional support you need throughout the process.

Alongside detox, there will be a number of holistic workshops every day which will help you address the root causes of your addiction so you can begin to overcome it, such therapies include:

Cognitive Behavioural Therapy (CBT)

Family recovery programme

Yoga and meditation

Group therapy

Relapse prevention

One-to-one counselling

Stress reduction techniques

Motivational interviewing

Amenities for your wellbeing

We are also very proud to be CQC rated, with particular praise given to staff leadership and our safe, comfortable facilities, which include:

Personal bedroom with en-suite

Comfortable sitting rooms
(ideal for movie and quiz nights)

Peaceful therapy rooms

Onsite gym

Communal dining area

Spacious gardens ideal for walking

You can trust our level of care.

“Our team of qualified professionals are pleased to welcome you into our home. Our sole aim is to help free those suffering with addiction, and no matter how low you feel, we believe you can overcome it. Let us navigate you safely through your recovery.”

“I speak with my sponsor daily, attend zoom meetings everyday and see my counsellor once a week. I can’t thank Oasis Runcorn enough.”

Danielle J

Suffering alone with an addiction alone can be an incredibly isolating experience. We at Oasis communities wish to assure you that your fears are recognised and to offer hope through our excellent staff and facilities.

Our facility

Oasis Runcorn is a spacious recovery facility located in the beautiful seaside town of Runcorn. One of the biggest advantages of staying at Oasis is that you will have the opportunity to access the town and walk along the coastline. This will enable you to connect with both nature and the outside world, which will help make you transition back to daily living smoother.

Twenty-two bedrooms

CQC rated

Shared and private rooms

Choice of two treatments: 12 step or Strengths Model

All treatment programmes offered at Oasis Communities Runcorn come at an extremely competitive price, and you can rest assured that you will achieve the highest quality service.

Secondary treatment

Oasis Recovery knows just how difficult it can be to return to your routine post-treatment. For this reason, our centre also offers secondary treatment to those on twelve week treatment programmes, to bridge the transition back into community living and find employment.

Connection

It is common for people with addiction to isolate themselves from their loved ones, allowing their addiction to engulf them over time. Collective input has the power to tear these walls of isolation down creating the possibility of a life free from addiction. That is why we create a real sense of community at Oasis Runcorn with everyone working together towards a common goal.

“We work on the basis that the opposite of addiction is connection, and encourage interaction and vulnerability into treatment, giving clients a safe space to open up and find their voice.”

Faith Noone, Centre Manager

 **Oasis** RECOVERY
BRADFORD
a UKAT facility

“I couldn’t have achieved my kick start to sobriety without beginning with Oasis. I am extremely grateful and thank my blessings every day.”

Philippa C

Addiction can be a traumatic experience, and it is a condition that can slowly chip away at every aspect of your life, leaving you desperate and isolated. It is important to understand, however, that you are not alone. At Oasis Bradford, we are devoted to helping our clients recover from a multitude of substance and behavioural addictions.

Our centre

We’re located in the heart of Yorkshire, and we’re proud to say that we have been recognised for our high standard of care in our most recent CQC report. If you choose to recover with us, you will have access to:

Twenty-four-hour nursing staff on hand

One of our nineteen en-suite bedrooms

A private spa bath where clients can relax and unwind

Nutritious meals cooked and prepared by professional chefs

Group walks

Detoxing at Oasis Bradford

Detox is a very important part of addiction treatment, so we provide a safe, comfortable environment for all our clients during the detox process.

Our treatment

Our rehab programme encompasses a range of treatments to address every aspect of your addiction. These include:

The 12-step programme

Cognitive Behavioural Therapy (CBT)

Family recovery programme

Yoga and mediation

ART and creative workshops

Group therapy

Relapse prevention

One-to-one counselling

Stress reduction techniques

Motivational interviewing

Music therapy

“Oasis Bradford is the ideal clinic for those struggling fiercely with addiction and requiring immediate yet safe care. We are here for you throughout the process, and we are devoted to ensuring you feel relaxed, secure, and emotionally supported throughout every step of the recovery.”

Recovery Lighthouse
a UKAT facility

“Treatment helped me get out of a devastating, life destroying addiction. I would recommend Recovery Lighthouse to anyone struggling with addiction.”

Zak P

At Recovery Lighthouse, we know that addiction can be incredibly overwhelming and make it seem like you are alone in the dark. We're here to let you know that you are not alone and that there is hope. Our aim is to guide you safely back into the light and put you on the path to long-term recovery.

Centre facilities

Recovery Lighthouse is located in the coastal town of Worthing, West Sussex. This seaside setting is the perfect place to unwind and breathe in the revitalising sea air while you focus on your recovery.

We have been inspected by the Care Quality Commission, who have rated us with particular focus on our safe and secure surroundings. These include:

Thirteen bedrooms

Yoga and meditation spaces

Film and game nights

Bespoke fitness guidance

Spacious and tranquil gardens

Beach walks

Our treatment

Recovery Lighthouse provides a safe medical detox for drug and alcohol addictions under the supervision of medical professionals. Alongside our detox programme, we provide a range of holistic therapy treatments, including:

The 12-step programme

One-to-one counselling

Dialectical Behavioural Therapy

Cognitive Behavioural Therapy

Group therapy

Family intervention therapies

Creative workshops

“Our rehab approach is based on connection and trust. Our sole aim is to help clients recover from the pain of addiction. We have an outstanding clinical team, providing treatments around the clock within excellent lodgings, ideal for your healing.”

Liberty House

Saving lives from addiction
a UKAT facility

“Every member of the team had my end result of sobriety on their agenda. They were all friendly, caring, knowledgeable and professional. Thank you for giving me back my life.”

Linda G

Our facility

Situated just outside London, our centre is located on a charming suburban street in Luton, and we guarantee our clients a peaceful, homely environment to begin their recovery journeys.

Our facility offers:

Comfortable
common areas

Twenty-one
beds on site

Qualified chefs
trained to
accommodate a
variety of dietary
requirements

Fully trained staff
who ensure that
you are never
without the
appropriate care

Why Liberty House?

From our own experience, we know just how advantageous it can be to have a warm and welcoming environment that radiates hope during difficult times.

Rated “Outstanding” by the Care Quality Commission, our services are recognised as going above and beyond to ensure every client experiences expansive and holistic care. We are subject to regular inspections, meaning you can be confident in our unwavering quality of treatment.

Our treatment

Each type of treatment we offer provides something unique, and examples of our treatments include:

Individual therapy

Group therapy

Sound therapy

Gong therapy

Art therapy

Meditation

Family care

At our facility, we provide family therapy once a month, involving your loved ones in the healing process and helping you to build bridges and strengthen relationships.

Our staff

You can rest assured that our dedicated team is always working with you in mind, going that extra mile to support you in your recovery.

“We are excited to be launching UKAT’s new London outpatient clinic. At a time when people are struggling to adjust back to new routines, we aim to go beyond standard psychotherapy by providing engaging, diverse programmes that get to the root cause of people’s issues, using traditional treatment in ways not explored before.”

Karen Leslie
Head of Business Development (UKAT London Clinic)

Our facility

UKAT London Clinic is revolutionising the mental health space, bringing talking therapies together with wellness for a solution that heals the body and the mind. We offer our clients a safe space where they can harmonise their entire being through innovative outpatient programmes.

With so many people opening up and embracing mental health support, we demonstrate just how important every aspect of the body is in the healing process, promoting resilience in clients and giving them the ability to cope with change and life’s inevitable challenges.

From techniques such as DBT and self-acceptance workshops to breathwork and Esketamine treatment, our packages take clients on a journey that puts wellness at the heart of healing.

Our treatment

Some of the programmes we will be offering include:

Full intensive programme

Day executive programme

Evening executive programme

Esketamine programme

Family programme

Addiction treatment

Addiction aftercare

Bespoke one-to-one

DBT
